

The Real Cost of Burnout

Physician burnout is leading to higher physician turnover, lower productivity and reduced quality of care, costing healthcare organizations millions.

PROBLEM: HIGH COSTS OF PHYSICIAN BURNOUT

Expenses associated with physician turnover caused by burnout can cost organizations millions. Based on national averages¹, the minimum cost of burnout an organization of 500 physicians will experience per year:

IF AN ORGANIZATION HAD...

500 PHYSICIANS

62% BURNOUT RATE

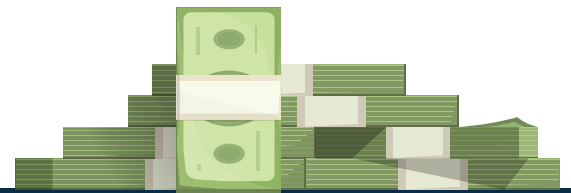

7% ANNUAL TURNOVER RATE

\$500K COST OF TURNOVER PER PHYSICIAN

ANNUAL COST OF
TURNOVER DUE TO BURNOUT
MORE
THAN **\$5,000,000**

SOLUTION: PHYSICIAN WELL-BEING RESOURCES

TOP FACTORS RELATED TO BURNOUT EXPENSES

- Turnover
- Patient satisfaction
- Impact on total care team
- Loss of productivity

"The fact that VITAL WorkLife provides not only counseling but also peer coaching is critical. Their 24/7 support line, our physicians and APPs can call and talk to a professional who knows how to address burnout at any time."

—Kevin Coss, MD, Chief Wellness Officer,
Community Health Network
